Early
registration
deadline:

March 30,
2019

Join us in Berlin in 2019 for a conference focused on the regulatory roles of RNAs. Topics will include generation of diversity through RNA-mediated processes, diversity among RNAs themselves through processes such as RNA editing, and analysis of gene expression at the single-cell level.

Keynote Speakers

Patrick Cramer, *Germany*

Narry Kim, *South Korea*

Speakers

Asifa Akhtar, *Germany*

Simon Alberti, *Germany*

Jin Billy Li, *USA*

Cedric Blanpain, *Belgium*

Wendy Gilbert, *USA*

Chuan He, *USA*

Matt Hentze, *Germany*

Ed Hurt, *Germany*

Shalev Itzkovitz, *Israel*

Markus Landthaler, *Germany*

Christine Mayr, *USA*

Gunter Meister, *Germany*

Bryce Nickels, *USA*

Rohit Pappu, *USA*

Xiaohua Shen, *China*

Mikiko Siomi, *Japan*

Jernej Ule, *England*

Xiaowei Zhuang, *USA*

Organizers

Markus Landthaler, *Max Delbrück Center for Molecular Medicine, Germany*

Gunter Meister, *Biochemistry Center Regensburg (BZR), Laboratory for RNA Biology, University of Regensburg, Germany*

Nicole Neuman, *Senior Editor, Reviews, Molecular Cell*

Ruth Zearfoss, *Scientific Editor, Cell Reports*
