

# Metabolites: Organellar communication in health and disease

May 11–13, 2025 — Sitges, Spain

Extended  
abstract  
submission  
deadline:

**February 14,  
2025**

Early  
registration  
deadline:

**March 28,  
2025**

This symposium will bring together scientists studying organellar metabolite compartmentation, its regulation, and the contribution to health and disease—from cancer to neurodegeneration.

## Keynote speakers

**Navdeep Chandel**, USA

**Heather Christofk**, USA

## Speakers

**Monther Abu-Remaileh**, USA

**Kivanc Birsoy**, USA

**Donita Brady**, USA

**Elvan Boke**, Spain

**Guido Bommer**, Belgium

**Lulu Cambronne**, USA

**Mark Febbraio**, Australia

**Pekka Katajisto**, Finland

**Judith Klumperman**, Netherlands

**Natalie Krahmer**, Germany

**James Olzmann**, USA

**Rushika Perera**, USA

**Bao-Liang Song**, China

**Jessica Spinelli**, USA

**Phillip White**, USA

**Roberto Zoncu**, USA

**Antonio Zorzano**, Spain

## Organizers

**Kivanc Birsoy**, The Rockefeller University, USA

**Krista Bledsoe**, Senior scientific editor, *Molecular Cell*

**Allyson Evans**, Editor-in-Chief, *Cell Metabolism*

**Roberto Zoncu**, Berkeley Research, University of California, USA
